Issue Description:

When navigate to "Review Your Videos" page

from "Photos" page

from "iPhone Storage" page

from "General" page

from "Settings" page

Settings > General > iPhone Storage > Photos > Review My Videos

And back again to "General" settings page via clicking the back arrow in the top left screen 3 times

Actual:

- The title of screen shown as "Videos"
- Display a non-functional additional "Select" button in the top right of the screen

Expected:

- The title of screen shown as "General"
- No any buttons in the top right of screen

Notes:

Click "Review My Videos" from recommendations section in "iPhone Storage" page and back to "General" settings page via clicking the back arrow in the top left screen 2 times is working fine ("General" page title shown as expected).

Testing date:

8th October 2023

Tested on:

iOS version: 17.0.3

Model: iPhone 12 Pro
